Central PA Food Bank

Storage Temperature Log

Record of Freezer, Refrigerator and Dry Storage

Enter in your Agency name and the year. Label all of your equipment with a Unit number or letter. Circle either freezer, refrigerator, or dry storage. The acceptable ranges of temperatures for each category are listed. Record the actual temperature of the Unit in the space corresponding to the month and the day. Recording of the temperature on a **DAILY** basis is recommended.

Agency Name: **Year:**

Agency Representative Signature:

Unit:

Freezer	Refrigerator	Dry Storage
0° to 10°	36° to 40°	50° to 70°

Day	July	August	September	October	November	December	January	February	March	April	May	June
