INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Central Pennsylvania Food Bank
Harrisburg, Pennsylvania

Report on the Financial Statements

We have audited the accompanying financial statements of the Central Pennsylvania Food Bank (the "Food Bank"), which comprise the statements of financial position as of June 30, 2017 and 2016, and the related statements of activities, changes in net assets, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

MAILING ADDRESS

McKonly & Asbury LLP • 415 Fallowfield Road • Camp Hill, PA 17011

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Central Pennsylvania Food Bank as of June 30, 2017 and 2016, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedules of functional expenses are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 of U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated October 17, 2017, on our consideration of the Central Pennsylvania Food Bank's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Central Pennsylvania Food Bank's internal control over financial reporting and compliance.

CENTRAL PENNSYLVANIA FOOD BANK

NOTES TO FINANCIAL STATEMENTS

1. NATURE OF OPERATIONS

Organization

Central Pennsylvania Food Bank (the "Food Bank") is a nonprofit Pennsylvania corporation that sources, warehouses, and distributes wholesome donated food for the benefit of individuals and families in need in 27 counties in Central Pennsylvania. The Food Bank operates a primary warehouse in Harrisburg, Pennsylvania and a satellite warehouse in Williamsport, Pennsylvania that distribute food in partnership with *over* 900 nonprofit member agencies that directly serve people in need. The Food Bank and its member agencies rely substantially on volunteer services to carry out their charitable activities.

The Food Bank receives donated food from growers, processors, wholesalers, retail grocers, food drives, and government programs. In recent years, consistent with national trends, increases in demand have outpaced the supply of donated food, resulting in the need for the Food Bank to supplement its distributions with purchased product.

In addition to accepting food donations, the Food Bank solicits monetary donations from individuals, businesses, and other organizations to help fund the costs of carrying out its charitable mission. Individuals in need do not pay any costs for the food provided by the Food Bank.

"The Bold Journey" Capital Campaign

In 2015, the Food Bank adopted a strategic plan that included a goal of providing access to enough nutritious food for everyone struggling with hunger in its 27 county service territory by the year 2025 (the "Bold Goal"). As part of this initiative, the Food Bank indicated the need to expand and transform the Williamsport facility into a second Healthy Food Hub. By doing so, this will greatly increase the Food Bank's capacity to not only serve more fresh and frozen food, but also function as a center for community partners to engage in nutrition education, anti-hunger advocacy efforts, and volunteer activities. The total project cost was estimated at \$3,300,000. Funding for the project came primarily in the forms of a public Capital Campaign and a \$2,000,000 line of credit as well as the Food Bank's Endowment Fund and other reserves. To date, the Capital Campaign raised \$1,169,688 in recognizable pledges and contributions, exceeding the goal of \$1,000,000 through the end of the calendar year 2017.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Under this basis, revenue is recognized when earned and expenses are recognized when incurred.

(continued)

CENTRAL PENNSYLVANIA FOOD BANK

NOTES TO FINANCIAL STATEMENTS

Financial Statement Presentation

The Food Bank's financial statement presentation includes the requirements of Accounting Standards Codification (ASC) No. 958, "Not-for-Profit Entities." Under ASC No. 958, the Food Bank is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. In addition, the Food Bank is required to present the statement of cash flows. Under the provisions of ASC No. 958, net assets and changes therein are classified and reported, based on the existence or absence of donor-imposed stipulations as follows:

Unrestricted Net Assets - Net assets that are not subject to donor-imposed stipulations. The Board of Directors may, at its discretion, designate unrestricted funds for specific purposes.

Temporarily Restricted Net Assets - Net assets subject to donor-imposed stipulations that will be met either by action of the Food Bank and/or the passage of time. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported on the statement of activities as net assets released from restrictions.

Permanently Restricted Net Assets - Net assets subject to permanent donor-imposed stipulations that they be maintained permanently by the Food Bank. Generally, the donors of such assets permit the Food Bank to use all or part of the income earned on the assets for general or specific purposes.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and the disclosure of contingent assets and liabilities, if any, at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of reporting, the Food Bank considers all short-term investments purchased with a maturity of three months or less to be cash equivalents.

Investments

The Food Bank carries investments in fixed income and equity securities at their fair market value with gains and losses included in the statements of activities. Fair market value of the investments is determined using quoted market prices of a national securities exchange.

The Food Bank's investments are comprised of a variety of financial instruments and are managed by investment advisors. The fair values reported in the statements of financial position are subject to various risks including changes in the equity markets, the interest rate environment, and general economic conditions. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the fair value of investment securities, it is reasonably possible that the amounts reported in the statements of financial position could change materially in the near term.

(continued)

CENTRAL PENNSYLVANIA FOOD BANK

NOTES TO FINANCIAL STATEMENTS

Food and Grocery Product Inventory

Donated food and grocery product inventory are recorded at fair market value. Fair market value for donated inventory is determined using actual inventory weight, in pounds, multiplied by a calculated "per pound" value. The "per pound" value is calculated annually and is the composite wholesale value of a variety of products that is derived from published prices from a national food distributor. Specific valuation procedures are established by Feeding America, the nation's food bank network. The Food Bank's policy includes a detailed analysis of its donated food inventory based upon the categories established by Feeding America and each category's calculated value. USDA food and grocery product inventory is reported at fair market value which was determined by the federal government using a food commodities price index. Effective July 1, 2016, the Food Bank refined and enhanced its policy to determine the fair market value of USDA food and grocery product inventory utilizing the valuation procedures established by Feeding America similar to the method used to value donated inventory. Purchased food and grocery product inventories are stated at the lower of cost (first-in, first-out) or market.

The inventory amounts included in the financial statements are many times higher than the amount the Food Bank may ultimately receive when the product is distributed to member agencies. The Food Bank does not "charge" for donated product; instead, member agencies reimburse the Food Bank for a portion of its operating costs. On average, during the fiscal years ended June 30, 2017 and 2016, member agencies reimbursed the Food Bank less than \$0.04 per pound for distributed product.

Promises to Give

Promises to give are stated at their outstanding balance. Promises to give are recognized when the Food Bank is notified of the promises. The Food Bank considers promises to give to be fully collectible. If collection becomes doubtful, an allowance for uncollectible promises to give will be established, or the accounts will be charged to income when that determination is made by management. Unpaid balances remaining after the stated payment terms are considered past due. Recoveries of previously charged off accounts are recorded when received.

Accounts Receivable

Accounts receivable is stated at outstanding balances, less an allowance for doubtful accounts. An allowance for doubtful accounts is established through provisions charged against income. Accounts deemed to be uncollectible are charged against the allowance and subsequent recoveries, if any, are credited to the allowance. The allowance for doubtful accounts is maintained at a level considered adequate to provide for losses that can be reasonably anticipated. Management's periodic evaluation of the adequacy of the allowance is based on past experience, aging of the receivables, adverse situations that may affect a customer's ability to pay, current economic conditions, and other relevant factors. This evaluation is inherently subjective as it requires estimates that may be susceptible to significant change. Unpaid balances remaining after the stated payment terms are considered past due. The allowance for doubtful accounts totaled \$5,410 and zero as of June 30, 2017 and 2016, respectively.

(continued)

CENTRAL PENNSYLVANIA FOOD BANK

NOTES TO FINANCIAL STATEMENTS

Property and Equipment

Property and equipment are recorded at cost for all items purchased, and fair market value at date of receipt for contributed property and equipment. Depreciation is provided on the straight-line method over the estimated useful lives. Construction period interest is included as part of the cost of the building. Construction in progress is not depreciated until completion of construction. The Food Bank's policy is to review all invoices in excess of \$1,000 to determine if they should be capitalized. Maintenance and repairs are charged to expense as incurred; major renewals and betterments are capitalized. When items of property or equipment are sold or retired, the related cost and accumulated depreciation are removed from the accounts and any gain or loss is included in the statement of activities.

Food and Grocery Product Contributions

The Food Bank reports food and grocery production donations as unrestricted support when received.

Purchased Product Sales

The Food Bank recognizes revenue from the sale of purchased product upon distribution and delivery of the product to its member agencies.

Contributions

The Food Bank reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires (that is, when a stipulated time restriction ends or a purpose restriction is accomplished), temporarily restricted net assets are reclassified as unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

The Food Bank reports gifts of property and equipment (or other long-lived assets) as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, the Food Bank reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

Contributed Services

The Food Bank receives donated services on a continuing basis from a variety of volunteers who help the Food Bank fulfill its mission. The value of these services has not been reported in the financial statements, as such value is not easily susceptible to objective measurement.

Lease Agreements

Annual rentals pertaining to leases which merely convey the right to use property are charged to current operations. Lease agreements which are substantially installment purchases of property are recorded as assets in property and equipment and depreciated over their estimated useful lives.

(continued)

CENTRAL PENNSYLVANIA FOOD BANK

NOTES TO FINANCIAL STATEMENTS

Income Tax Status

The Food Bank is a not-for-profit entity as described in Section 501(c)(3) of the Internal Revenue Code and is exempt from income taxes on related activities pursuant to Section 509(a) of the Internal Revenue Code. In addition, the Food Bank was organized under the Pennsylvania Nonprofit Corporation law and is exempt from state income taxes.

The Food Bank adheres to the provisions of ASC 740, *Income Taxes*. ASC 740 establishes rules for recognizing and measuring tax positions taken in an income tax return, including disclosures of uncertain tax positions (UTPs). ASC 740 mandates that companies evaluate all material income tax positions for periods that remain open under applicable statutes of limitation, as well as positions expected to be taken in future returns. The UTP rules then impose a recognition threshold on each tax position.

A company can recognize an income tax benefit only if the position has a “more likely than not” (i.e., more than 50 percent) chance of being sustained on the technical merits. For the years ended June 30, 2017 and 2016, the Food Bank has taken no material tax positions on its applicable tax filings that do not meet the more likely than not threshold. As a result, no amount for uncertain tax positions has been included in the financial statements.

The Food Bank's federal exempt organization business income tax returns are no longer subject to examination by the appropriate taxing authorities for years prior to 2014.

Recently Issued Accounting Pronouncements

In August 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standard Update (ASU) 2016-14, *Presentation of Financial Statements of Not-for-Profit Entities*. The amendments in this ASU include two classes of net asset classifications, options for presenting cash flow from operations, and many additional disclosure requirements. The changes become effective for the Food Bank on July 1, 2018. Management has not determined the impact of the changes.

In May 2014, the FASB issued ASU 2014-09, *Revenue from Contracts with Customers (Topic 606)*. The pronouncement, and related subsequent pronouncements, requires an entity to recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The changes become effective for the Food Bank on July 1, 2019. Management has not determined the impact of these changes on the Food Bank's financial statements.

In February 2016, the FASB issued ASU 2016-02, *Leases (Topic 842)*. The changes associated with this ASU include the requirement for lessees to recognize the underlying assets and liabilities associated with all operating leases with terms greater than 12 months. The changes become effective for the Food Bank on July 1, 2020. Management has not determined the impact of these changes on the Food Bank's financial statements.

Reclassifications

Certain items in the prior year have been reclassified to conform to the presentation of the 2017 financial statements.

(continued)

CENTRAL PENNSYLVANIA FOOD BANK

NOTES TO FINANCIAL STATEMENTS

Subsequent Events

The Food Bank has evaluated subsequent events through October 17, 2017, the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS, INVESTMENTS, AND OTHER FINANCIAL INSTRUMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820, *Fair Value Measurements and Disclosures*, are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Food Bank has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2017 and 2016.

Short-term investments: Valued at cost, which approximates fair value, due to the short-term nature of these instruments.

(continued)

CENTRAL PENNSYLVANIA FOOD BANK

NOTES TO FINANCIAL STATEMENTS

Mutual funds and exchange traded funds (ETFs): Valued at the daily closing price as reported by the fund. These investments are open-end investments that are registered with the Securities and Exchange Commission. These investments are required to publish their daily net asset value (NAV) and to transact at that price. These investments are deemed to be actively traded.

Common stock: Valued at the closing price reported on the active market on which the individual securities are traded.

Fixed income securities: Valued on the basis of market valuations primarily furnished by an independent pricing service that employs various evaluation methods. Such market valuations may represent one of the following: (i) the last quoted price on the securities' major trading exchange, (ii) quotes received from dealers or market makers in the relevant securities, or (iii) matrix pricing.

The following table sets forth by level, within the fair value hierarchy, the Food Bank's investments at fair value as of June 30, 2017 and 2016:

CENTRAL PENNSYLVANIA FOOD BANK

NOTES TO FINANCIAL STATEMENTS

Future minimum lease payments under capital leases consist of the following for the five years ending June 30:

2018	\$ 238,241
2019	164,629
2020	81,052
2021	66,760
2022	23,616
Thereafter	5,904
	580,202
Amount representing interest	(41,915)
	\$ 538,287

Interest expense on capital leases amounted to \$22,218 and \$33,901 for the years ended June 30, 2017 and 2016, respectively.

7. BANK LINE OF CREDIT

The Food Bank has an unsecured working capital line of credit arrangement with M&T Bank at the bank's prime rate (4.25% as of June 30, 2017, and 3.50% as of June 30, 2016). Under this arrangement, the Food Bank may borrow up to \$2,000,000. Interest is payable monthly and principal is due upon demand. The outstanding balance on the line of credit is \$500,000 at June 30, 2017. The line of credit had not been accessed during the year ended June 30, 2016.

8. FOOD DONATED, PURCHASED, AND DISTRIBUTED

Food donated, purchased, and distributed inclusive of the Pennsylvania State Food Grant and the United States Department of Agriculture (USDA) program consist of the following for the years ended June 30:

	2017		2016	
	Pounds	Value	Pounds	Value

Pennsylvania Agricultural Surplus System

During the year ended June 30, 2016, the Food Bank was contracted by the Pennsylvania Department of Agriculture (PDA) to operate its State Food Purchase Program in accordance with the Pennsylvania Agricultural Surplus System (PASS) Act. Under PASS, \$1,000,000 was provided to PDA to acquire and distribute local food products to the charitable food organizations in existence within the State of Pennsylvania. During the year ended June 30, 2017, the contract was renewed and an additional \$1,000,000 was provided to PDA. As of June 30, 2017 and 2016, the Food Bank purchased \$1,250,632 and \$142,599 of food products and distributed \$1,250,636 and \$139,144. The remaining inventory is included as purchased food and grocery product inventory on statements of financial position.

Of the \$2,000,000 appropriated for PASS, a maximum of 15% may be used for administrative purposes. During the years ended June 30, 2017 and 2016, the Food Bank recognized \$279,208 and \$25,635 as reimbursement for these administrative costs. As of June 30, 2017 and 2016, \$523,880 and \$168,234 is due from PDA for services performed under the PASS program. \$302,220 and \$831,766 remained from the total appropriated amount to be distributed to the Food Bank during the years ended June 30, 2018 and 2017.

9. ENDOWMENT AND RESERVE FUNDS

The Food Bank has a Board-Designated Reserve Fund and a Donor-Restricted Endowment Fund for which the income can be used for general operations. As required by accounting principles generally accepted in the United States of America, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

(continued)

CENTRAL PENNSYLVANIA FOOD BANK

NOTES TO FINANCIAL STATEMENTS

Interpretation of Relevant Law

The Board of Directors has interpreted the relevant state law as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Food Bank classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) enhancements or diminishments of the fund after amounts deemed income under Pennsylvania law.

The following schedule represents the changes in reserve fund and endowment net assets for the year ended:

	June 30, 2017			
	Board- Designated Reserve Fund	Temporarily Restricted	Permanently Restricted	Total
Endowment net assets, beginning of year	\$ 7,456,105	\$ 310,971	\$ 962,598	\$8,729,674

Endowment net assets, end of year	\$ 7,456,105	\$ 310,971	\$ 962,598	\$ 8,729,674

Return Objectives and Risk Parameters

The Board of Directors has established an Investment Committee that has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowments. The primary asset management objective is to achieve a long-term total return commensurate with prudent risk sufficient to provide a stable rate of inflation-adjusted return while preserving the inflation-adjusted real value of the principal of the fund. The return for this purpose means a return derived from both capital appreciation or earnings and distributions with respect to capital, or both.

Strategies Employed for Achieving Objectives

The Investment Committee has established an allocation range of sector and security diversification. The Committee may engage one or more recognized investment managers to advise the Committee on the asset allocation of the fund. The Committee shall periodically review the performance of the investment manager(s) and the asset allocations with the expectation of superior performance over time. The Committee will meet as appropriate to review economic outlook; current investment performance, investment strategy and asset allocation; pending plans for purchase and sale of securities; and the reasons for changes in the portfolio since its last meeting.

Reserve Fund and Endowment Spending Policies and How the Investment Objectives Relate to the Spending Policies

The spending rate from the reserve fund and the endowment shall be no less than two percent (2%), nor more than seven percent (7%), of the three year average of the fiscal year-end market values of the fund assets. The Committee will review the actual spending policies annually. General appropriations of \$550,000 and \$275,000 were paid during the years ended June 30, 2017 and 2016, respectively.

(continued)

CENTRAL PENNSYLVANIA FOOD BANK

NOTES TO FINANCIAL STATEMENTS

10. TEMPORARILY RESTRICTED NET ASSETS

Temporarily restricted net assets are available for the following purposes as of June 30:

	<u>2017</u>	<u>2016</u>
Promises to give	\$ 347,356	\$ 340,865
Williamsport capital campaign contributions	-	42,723
Endowment fund	<u>383,756</u>	<u>310,971</u>
	<u>\$ 731,112</u>	<u>\$ 694,559</u>

Temporarily restricted net assets were released for the following purposes as of June 30:

	<u>2017</u>	<u>2016</u>
Promises to give	\$ 549,549	\$ 24,000
Williamsport capital campaign contributions	272,784	-
Appropriation of endowment assets for expenditure	<u>30,000</u>	<u>30,000</u>
	<u>\$ 852,333</u>	<u>\$ 54,000</u>

11. ECONOMIC DEPENDENCY

The Food Bank is a certified member of Feeding America. One of the primary benefits of this membership is the availability of contributions of food from national companies, which are solicited by Feeding America. Should the Food Bank no longer be affiliated with Feeding America, its access to food contributions would be diminished and the effect on operations and the financial statements would be material.

Locally and regionally, the Food Bank is dependent on food donations from a variety of sources. Most of these sources are located in Central Pennsylvania; however, donors do exist in other states. Donors include farmers, food processors, food retailers, wholesalers, individuals, and government agencies. The Food Bank solicits and maintains ongoing relationships with donors and attempts to obtain sufficient and suitable donations to meet the nutritional needs of the hungry. If food donations decrease significantly, the Food Bank's ability to continue current distribution levels would be impaired. Likewise, the corresponding effects on the financial statements would be significant.

The Food Bank receives a portion of its revenues (directly and indirectly) from governmental sources and, accordingly, is subject to governmental legislative process and change. During the years ended June 30, 2017 and 2016, the Food Bank received \$10,789,939 and \$5,131,698 in grant awards under federal programs. The Food Bank also receives substantial revenues from Member Agencies that are funded through Pennsylvania's State Food Purchase Program (SFPP), which is administered by the Pennsylvania Department of Agriculture and contracted through Pennsylvania's 67 counties. Management estimates that between \$2.1 million and \$2.3 million of its revenue during the years ended June 30, 2017 and 2016, was dependent on SFPP funding.

(continued)

CENTRAL PENNSYLVANIA FOOD BANK

NOTES TO FINANCIAL STATEMENTS

12. OPERATING LEASES

The Food Bank currently holds an operating lease with the County of Dauphin, Pennsylvania to rent facilities to operate a food pantry. The lease, which commenced on January 1, 2009, is for a period of twenty-five years ending on December 31, 2033.

The lease agreement contains provisions for an annual rent payment which is subject to future rent increases as defined in the lease agreement.

On October 1, 2015, the Food Bank entered into another lease agreement to rent facilities for office personnel. The lease is for a period of three years ending on October 31, 2018. The lease agreement contains provisions for an annual rent payment which is subject to future rent increases as defined in the lease agreement.

In accordance with accounting principles generally accepted in the United States of America, the Food Bank records annual rent expense equal to the total of the payments due over the lease term, divided by the number of years of the lease term. The difference between rental expense recorded on this straight-line basis, and the amount actually paid, is credited or charged to rent payable. As of June 30, 2017 and 2016, this difference amounted to \$58,068 and \$54,553, respectively, and is included in accrued expenses on the statements of financial position.

Future minimum rental payments under non-cancelable operating leases having remaining terms in excess of one year consist of the following for the five years ending June 30 and thereafter:

2018	\$ 100,877
2019	57,702
2020	43,527
2021	44,178
2022	44,839
Thereafter	<u>566,567</u>
	<u>\$ 857,690</u>

Total rental expense under operating leases charged to operations amounted to \$106,762 and \$79,316 for the years ended June 30, 2017 and 2016, respectively.

13. RELATED PARTY TRANSACTIONS

Several members of the Board of Directors are involved with entities that transact the following business with the Food Bank:

A Board member is an attorney at a law firm with whom the Food Bank used for legal consulting purposes. The Board member's term ended in December 2015. Amounts paid to this firm amounted to zero and \$360 during the years ended June 30, 2017 and 2016, respectively.

(continued)

CENTRAL PENNSYLVANIA FOOD BANK

NOTES TO FINANCIAL STATEMENTS

Several other Board members are involved with organizations that donate food and make contributions to the Food Bank.

The Executive Director of the Food Bank serves as an Officer of another not-for-profit organization that utilizes office space and personnel of the Food Bank. The Food Bank leases office space to the organization at fair market value, and a Food Bank staff member also performs internal accounting services for the organization. The Food Bank also pays certain operating expenses on behalf of the organization, which are 100% reimbursable to the Food Bank. Amounts received from this organization for rent and services amounted to \$9,600 during the years ended June 30, 2017 and 2016, respectively. There was \$4,081 and \$64,430 of outstanding receivables due to the Food Bank for reimbursable expenses as of June 30, 2017 and 2016.

The Pennsylvania Association of Regional Food Banks dba Hunger-Free Pennsylvania (“Hunger-Free PA”) is the sub distributing agency designated by PDA to act on its behalf in entering into agreements with eligible recipient agencies under which commodities are made available through the Commodity Supplemental Food Program (“CSFP”). Hunger-Free PA has entered into an agreement with the Food Bank to act as the local lead agency for Central Pennsylvania. As local lead agency, the Food Bank administers the CSFP at the local level and receives administrative funds for doing so. The Executive Director of the Food Bank is a volunteer member of the Board of Directors and the Executive Committee of Hunger-Free PA. For the years ended June 30, 2017 and 2016, the Food Bank received \$388,780 and \$340,877 in administrative funds from Hunger-Free PA.

The Food Bank's bylaws establish policy for handling potential conflicts of interest.

14. CONCENTRATIONS OF CREDIT AND MARKET RISK

Financial instruments which subject the Food Bank to concentrations of credit risk consist primarily of cash and cash equivalents and short-term investments (such as certificates of deposit).

The Food Bank typically maintains cash and cash equivalents in local banks, which, at times may exceed the amounts insured by the Federal Deposit Insurance Corporation (FDIC). The Food Bank has not experienced any losses from maintaining cash accounts in excess of federally insured limits. Management believes that it is not subject to any significant credit risk on its cash accounts. Common stocks, mutual funds, and fixed income funds are uninsured.

15. RETIREMENT PLAN

The Food Bank has a 401(k) plan to provide retirement and incidental benefits for its employees. Employees may contribute 0% to 50% of their annual compensation to the plan, limited to a maximum annual amount as set periodically by the Internal Revenue Service. The Food Bank matches 50% of employee pre-tax contributions, up to a maximum of 5% of employee compensation deferral. Matching contributions are 100% vested upon completion of three years of service. In addition, the plan provides for discretionary employer contributions determined by the Board of Directors. Such contributions to the plan are allocated among eligible participants in proportion to their salaries. Retirement plan expenses amounted to \$162,896 and \$245,596 for the years ended June 30, 2017 and 2016, respectively.

INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Board of Directors
Central Pennsylvania Food Bank
Harrisburg, Pennsylvania

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Central Pennsylvania Food Bank (the “Food Bank”), which comprise the statement of financial position as of June 30, 2017, and the related statements of activities, changes in net assets and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated October 17, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Food Bank’s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Food Bank’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Food Bank’s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

(continued)

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Food Bank's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Food Bank's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Food Bank's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

The Board of Directors
Central Pennsylvania Food Bank
Harrisburg, Pennsylvania

Report on Compliance for Each Major Federal Program

We have audited the Central Pennsylvania Food Bank's (the "Food Bank") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Food Bank's major federal programs for the year ended June 30, 2017. The Food Bank's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Food Bank's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Food Bank's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

(continued)

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Food Bank's compliance.

Opinion on Each Major Federal Program

In our opinion, the Food Bank complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2017.

Report on Internal Control Over Compliance

Management of the Food Bank is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Food Bank's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Food Bank's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Total Food Distribution Cluster			9,457,336	9,901,070
Passed through the Pennsylvania Department of Education				
Child and Adult Care Food Program	10.558	300-22-185-5	-	628,703
Summer Food Service Program	10.559	300-22-185-5	-	<u>260,166</u>
Total expenditures of federal awards			<u>\$ 9,457,336</u>	<u>\$ 10,789,939</u>

NOTES:

1. BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the Central Pennsylvania Food Bank (the "Food Bank") under programs of the federal government for the year ended June 30, 2017. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Food Bank, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the Food Bank.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

3. INDIRECT COST RATE

The Food Bank has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

(continued)

CENTRAL PENNSYLVANIA FOOD BANK

SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

YEAR ENDED JUNE 30, 2017

4. FOOD DISTRIBUTION

Nonmonetary assistance is reported in the schedule at the fair value of the commodities received and disbursed.

5. COMMODITY RECEIVED

Central Pennsylvania Food Bank received \$7,333,415 of USDA commodities (CFDA #10.569) during the year ended June 30, 2017. The remaining \$2,123,921 was distributed from donated food and grocery product inventory at June 30, 2016.

CENTRAL PENNSYLVANIA FOOD BANK
SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS
YEAR ENDED JUNE 30, 2017

Prior Year Findings

None.

CENTRAL PENNSYLVANIA FOOD BANK

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

YEAR ENDED JUNE 30, 2017

SUMMARY OF AUDIT RESULTS

1. The auditor's report expresses an unmodified opinion on whether the financial statements of the Central Pennsylvania Food Bank were prepared in accordance with GAAP.
2. No material weaknesses were identified during the audit of the financial statements and reported in the Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*.
3. No instances of noncompliance material to the financial statements of the Central Pennsylvania Food Bank, which would be required to be reported in accordance with *Government Auditing Standards*, were disclosed during the audit.
4. No material weaknesses were identified during the audit of the major federal award programs and reported in the Independent Auditor's Report on Compliance for Each Major Program and on Internal Control Over Compliance Required by the Uniform Guidance.
5. The auditor's report on compliance for the major federal award programs for the Central Pennsylvania Food Bank expresses an unmodified opinion on all major federal programs.
6. There are no findings required to be reported in accordance with 2 CFR section 200.516 (a).
7. The programs tested as major programs were:
 - a. The Food Distribution Cluster:
 - i. Commodity Supplemental Food Program (CFDA #10.565)
 - ii. The Emergency Assistance Food Program (CFDA #10.568)
 - iii. The Emergency Assistance Food Program (CFDA #10.569)
 - b. Child and Adult Care Food Program (CFDA #10.558)
8. The threshold for distinguishing Type A and B programs was \$750,000.
9. The Central Pennsylvania Food Bank was determined to be a low-risk auditee.

FINDINGS – FINANCIAL STATEMENT AUDIT

None.

FINDINGS AND QUESTIONED COSTS – MAJOR FEDERAL AWARD PROGRAMS AUDIT

None.
