

To our Friends and Partners,  
**During 2016,**  
 we made great progress toward our **Bold Goal.**

With over **46 million meals** provided by our Food Bank and Partner Agencies, we have **closed about 68%** of the meal gap in our 27-county region, up from about 50% in 2015.

The highlights in this report illustrates how we achieved this impact in our community.  
 I hope you enjoy our report!

NO ONE SHOULD GO HUNGRY

**Agency Enabled Donations**

We establish and manage relationships with retail outlets to facilitate food donations direct to partner/member agencies. These connections enhances efficiency and increases the freshness of the food distributed to clients, while also reducing food waste by retail outlets.

**SNAP Help Line**

Supplemental Nutrition Assistance Program

Food Banks alone cannot provide enough food to those in need, so we offer an information and application help line (877.999.5964) to assist eligible families’ access federal food stamp benefits (SNAP).

**New Partner Training & Programs**

The Food Bank offers training opportunities to partner agency staff and volunteers. Training programs vary from compliance to fundraising to nutrition education and food safety.
