

PANTRY SPOTLIGHT: FOOTPRINTS OF MONTGROMERY

Footprints of Montgomery has been a member of the Healthy Pantry Initiative since 2020. They have embraced the program and strive to provide the best food and resources for their community. This location participates in a retail program that provides them with many fresh fruits and vegetables and a large variety of meat and prepared foods. They have two resource centers within the pantry to provide health and nutrition information and available resources in their area. Footprints has partnered with Evangelical hospital to offer health screenings to neighbors via the mobile screening bus. The have a large volunteer group and all staff are able to assist neighbors with questions regarding healthy food choices. In addition, this site offers regular food tastings to encourage healthy eating.

WHAT'S IN THIS MONTH'S ISSUE:

- Pantry Spotlight
- Regional Conference
- P2 Training

REMINDER:
THE NEIGHBOR EXPERIENCE REGIONAL WORKSHOP

The Central PA Food Bank will be hosting a regional workshop at Bucknell University on Thursday, May 2nd for our partners located in Columbia, Montour, Snyder, Union and Northumberland counties.

REMINDER: P2 TRAINING

The transition to our new ordering system, P2 is approaching. Please sign up for one of our trainings!
